REMARKS

25X1X

1. Between 3 and 6 p.m. on 16 October 1951, there was no flying in the Cottbus area. Sixteen aircraft were counted in front of the hangars at Cottbus airfield. An area about 300 x 400 meters west of the runway was leveled after completion of construction work in connection with the laying of a drainage pipe. A roller was still observed in this area but no laborers were there.

2. Between 3 and 5:30 p.m. on 23 October, there was no flying at the field. About 30 aircraft with double rudder assemblies were parked in two rows in front of the hangars. All construction was completed at the field. No laborers or equipment were observed at the installation. Truck was on the way to the field. *

25X1C

25X1A * Comment. Cottbus airfield is still occupied by a bomber regiment equipped with PE-2s. Work, which was reportedly completed, was only done on the drainage system west of the runway.
